Dear Mel and Ernie,

As you are well aware, Centennial Energy Partners, L.L.C. is the largest shareholder of Compton Petroleum Corporation. Through our various entities, we currently own a combined 25,545,796 shares, representing a 19.8% ownership position in Compton. We have been shareholders of Compton on a continuous basis since 1997.

In my view, we have had a positive, constructive and mutually supportive relationship for virtually the entire period since our initial share purchase more than 10 years ago. Generally speaking, this relationship has also been a profitable one, certainly through early 2006.

Over the years, we have watched as Compton has amassed a significant base of oil and gas assets. However, due to disappointments over the last two years, we believe that a major discount has developed between the underlying value of that asset base and Compton's share price, a discount that, in our opinion, has continued to widen.

Based on the positive nature of our long-term relationship with you, your fellow directors and managers, we sincerely regret that we no longer have confidence that Compton management has a specific plan to eliminate that valuation discount and deliver an acceptable share price to Compton's shareholders.

For that reason, we respectfully request that Compton's Board of Directors begin a formal process to review the company's strategic options, including the potential sale of Compton Petroleum. We look forward to a timely response to this letter.

Sincerely,

A handwritten signature in blue ink, appearing to be "R. H. Sullivan", written in a cursive style.
